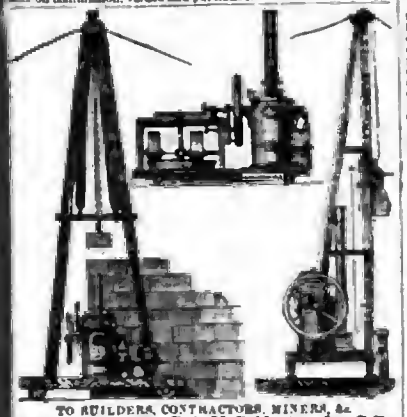
Also, on sale NEW AND PATENTED ENGINES AND MACHINERY, Agricultural Implements, &c.

Drawings and Estimates furnished for Millwrights' and Engineers' Work, Machinery, and Castings of all kinds.

Steam Engines, Boilers, Mills, Machinery and Plant, bought and sold on commission, valued and purchased.



TO BUILDERS, CONTRACTORS, MINERS, &c.

NATHAN GOUGH, As. In. C.E., ENGINEER and MACHINE DESIGNER, Albert-street, Manchester, has on sale HIS PATENT PORTABLE STEAM-ENGINES, from two to six-horse power, for grinding mortar, raising building materials, as blocks of stone, bricks in hods or barrows, driving piles, working pumps, circular saws, and marble and stone saw framing. The apparatus connected with the above are attached to the engine as seen in diagrams above. First, movable legs for raising and setting stone by steam; secondly, steam mortar-mill; and, thirdly, steam pile driver. These engines are also applicable for working mortices, planing and other machines, raising earthwork in waggons or barrows out of foundations, railway cuttings, boisting earthwork, and pumping water out of sewer cuttings, &c., making pile, working cranes, stamps, or rollers for crushing ore, drawing waggons in mines, &c. &c. As a proof of their superiority over others, upwards of 600 of them have been sold, and they have been and are now extensively used upon public works in England and on the continent. Amongst a many others, in the erection of the New Houses of Parliament, Mr. Ivory there are three now employed in raising the stone, &c. for the tower; and one of them at the Crystal Palace in Hyde-park; the High Level Bridge, Newcastle-upon-Tyne, five of them, with mortar-mills, syphon pumps, circular saws, &c.; at the New Market, Baltimore, and for the Commissioners of the London Sewerage, which engines were mounted upon wheels, with double acting syphon pumps, for Messrs. Humphreys and Thirst, contractors; also same for large works where the four pumps of 15-inch diameter each are attached to the engine and moved with the carriage; and two engines, with mortar-mills attached, for the East Indian Railway Company; and at the Great Suspension-bridge over the river Dniepr, at Kieff, in Russia, where six of six-horse power each, with pile-driving apparatus, mortar-mills, motion for working pumps, circular saws, &c. were attached. Four of them were mounted upon wheels. Reference may be made to her Majesty's Commissioners of Woods and Works, the Government Engineers, Messrs. Burgess and Walker, and G. Rendel, Esq., Chas. Barry, Esq., architect, Messrs. Grissel and Peto, contractors for the New Houses of Parliament; Jas. Jay, Esq., Thos. Bury, Esq., Wm. Mckenzie, Esq., Messrs. Peto and Betts, Messrs. Hewitt, Heyes and Thirst, Messrs. Locke and Newham, Jas. Hunt, Esq., the Sunderland Dock Company, Messrs. Brassey and Gwyther, Birmingham; Messrs. J. and R. Crowshaw, of York; Messrs. Lloyd and Brothers, Stockport; Messrs. Hilling and Brierley, of Rochdale.

NATHAN GOUGH further directs attention to his PATENT DOUBLE ACTING SYPHON PUMPS, of 9 and 18-inch diameter, for coffer dams; and FORCE PUMPS, of 4, 5, and 6-inch diameter, for supplying tanks with water for locomotive engines, gentlemen's mansions, for domestic purposes, fountains, &c. &c., which are worked by his Patent Portable Steam Engines.—A lith-graphic sheet, illustrative of the various applications of the Portable Steam Engine, may be inspected at the Office of this Paper.

N.B.—visits London about six times in the year, and would wait upon parties at their places of business.

LIGHTERAGE.—To Saw-Mill Proprietors, Timber, Slate, and Stone Merchants, or others, requiring Lighterage.—The Advertiser having a large number of Barges, is willing to undertake LIGHTERAGE at prices that defy competition.—CHARLES STRUTTON, 34, Commercial-road, Lambeth.

BARRETT, EXALL, AND ANDREWES, Kasemayne Iron Works, Reading.

Agents in London.—DEANE, DRAY, and DEANE, where the above may be seen.

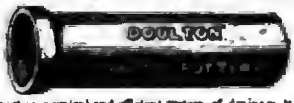
IMPROVED DRAINAGE, BY ROYAL LETTERS PATENT.

STANDING, FRANKLIN, & STANDING, Sole Patentees and Manufacturers of the PATENT GLAZED STONE WARE SEWAGE PIPE (Offices, 25, Cornhill, entrance in Change-alley; Factory, Brunswick Wharf, Commercial-road, Limehouse).

By employing their patent machinery, S. F. and S. are enabled to produce a pipe for sewage and other purposes in every way far superior to those made by any other process, but more especially in these qualities so absolutely essential to a perfect and cleanly mode of drainage. From the great and uniform amount of pressure, and peculiar construction of the machinery allowing the air to escape used in manufacturing, their pipes are entirely free from air bubbles, proving their greater strength, durability, and entirely preventing the currents percolating through; they are much smoother on the inside, insuring a perfect passage for the sewage, and preventing any deposit.

Specimens may be seen at the offices, 25, Cornhill, where prices, &c., may be obtained, and licences granted for the use of the patent machine.

HOUSE DRAINAGE and SEWERAGE.

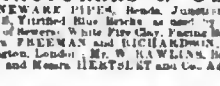


The most economical and efficient system of drainage is formed with DOULTON'S STONEWARE PIPES. Testimonials as to their superiority have been received from the Borough Engineers of Liverpool, Glasgow, and other cities.

Arrangements can be made for delivering them, free of charge, to many of the ports and railway stations throughout the kingdom.

Liverpool Pottery, St. Helens. J. DOULTON, Jun.

MANUFACTURERS of GLAZED STONEWARE PIPES, Bends, Junctions, &c., also FIRE BRICKS, Vitrified Blue Bricks as used by her Majesty's Commissioners of Sewers; White Fire Clay, Facing Bricks, &c. &c. Agents.—Messrs. FREEMAN and RICHARDSON, No. 4, South Wharf, Paddington, London; Mr. W. RAWLINS, Bankside Wharf, Camden-town; and Messrs. HEARTSLEY and Co., Adelphi Wharf, Strand.



DRAIN PIPE WORKS.—T. SMITH, ORIGINAL LAMBETH POTTERY, PRINCES-STREET, LAMBETH, Builders, Contractors, and others, are invited to call for Illustrative as regards the quality, &c., of the WALT-GLAZED and GLASS-LINED DRAIN PIPES. A list of prices and terms may be had upon application, or forwarded per post.

GREAT REDUCTION in PRICES. GLAZED STONE WARE DRAIN PIPES.

DAVID MOUNTAGUE (late Turner and Mountague), Lugg Pottery, near Southend, Kent, now offer to the public Glazed Stone Ware Drain Pipes of the best quality at the following reduced prices:—

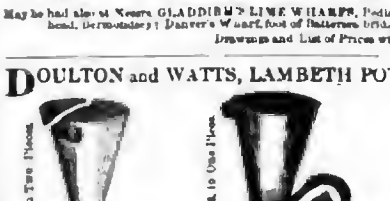
Straight Tubes with Socket Joints, in 3-feet lengths.						
2 in.	3 in.	4 in.	5 in.	6 in.	12 in.	15 in.
3d.	3½d.	4½d.	6d.	8d.	1s. 4d.	2s. 3d.

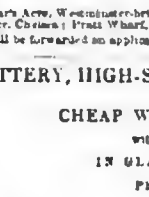
Closet pans, as each; Traps 3s.; Bends Junctions, Filters, Jars, Funnels, Chemicals, &c. &c. at reduced prices in proportion. A discount on the above prices dependent on quantity and mode of payment. Orders received at and executed from the Wharfs, Paddock Wharf, St. Bankside, Blackfriars; Harrow-bridge Wharf, Stratford, Essex; and at the Cement Works, Orchard-house, Blackwall.

JAMES STIFF, MANUFACTURER of GLAZED STONE WARE DRAIN PIPES, BENDS, JUNCTIONS, TRAPS, &c., 29, HIGH STREET, LAMBETH, LONDON. Established 1784.

Water Closet Pans, with Syphon Traps, 7s. 6d. each.

STRAIGHT TUBES, with Socket Joints, in 3 feet lengths.





The great advantages attending the use of these articles are now so generally understood, as to render any enumeration of them almost superfluous. Their cheapness, efficiency, and durability, are universally admitted, while the rapidly increasing demand for them proves their estimated superiority over every other kind hitherto before the public for similar purposes.

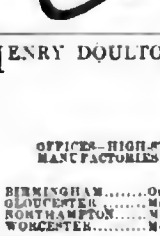
Inspection is invited to an assorted stock of Drain Tubes of every form and size, adapted to the various situations for which they may be required, as also to the WATER-CLOSET PANS OF IMPROVED CONSTRUCTION, and interior glaze far surpassing any other manufactured of Brown Stone Ware.

N.B. These are made without the discharge-hole being turned downwards.

May be had also of Messrs. GLADDISH'S LIME WHARFS, Pedlar's Acre, Westminster-bridge; City-road Wharf, City Basin, Dock-head, Bermondsey; Denver's Wharf, foot of Battersea bridge, Chelsea; Pratt Wharf, King's-road, Camden New Town.

Drawings and List of Prices will be forwarded on application.

DOULTON and WATTS, LAMBETH POTTERY, HIGH-ST. LAMBETH, LONDON.



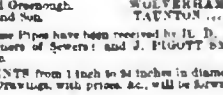
No. 2 is similar to No. 1, but with the discharge-hole in a horizontal direction.

No. 3 is in three pieces.

CHEAP WATER-CLOSET PANS, with Syphon Traps, IN GLAZED STONE WARE. PRICE 7s. 6d. EACH.

The patented WATER-CLOSET PANS are of the most simple yet perfect construction: they are CLEANLY and IMPERISHABLE, requiring no metal-pan, and the price at which they are offered is so low, as to admit of its extensive adoption.

HENRY DOULTON AND CO.'S DRAIN PIPES IN GLAZED STONE WARE.



OFFICES—HIGH-STREET, LAMBETH, LONDON, and Granville-street Wharf, Broad-street, Birmingham.
MANUFACTORIES—High-street, Lambeth, London; and Birmingham Pottery, Bewley Regis, Staffordshire.

May also be had as follows:—

BIRMINGHAM.....Granville-street Wharf.	CHELTENHAM .....Mr. J. Blizard.
